ADVANCED MANUFACTURING TECHNOLOGY

Our quality is not only due to its excellent functional design, but also from advanced manufacturing techniques. The application of fully automatic intelligent manufacturing enhances quality further, improves accuracy and stability of products, bringing ongoing product reliability and great user experience.

Italian IMR gravity casting to produce fine faucet bodies in whole piece with smooth inner surface and high density of brass.

Automatic CNC machining centers to ensure high precision of inner structure.

80% of the machining procedure done at one setting due to efficient computerized programming and large capacity of the tool magazine.

Automatic robotic polishing to guarantee a perfect finish on every product.

Automatic plating lines to ensure the stability of the highest quality product finishes that can never be achieved using manual methods.

LIBERTY
OIL RUBBED BRONZE
Series

What kind of color can adapt to the popularity of the era, but not fade over time? This thinking caused us to test all sorts of colors in the laboratory. **PALOMA** ORB finish was then born. The Liberty ORB products extend the classical design, exquisite and luxurious as the palace, and derive the rich cultural connotation, giving a kind of temperament and accomplishment to the modern life.

Exquisite casting technology, classical and magnificent color and extended spout design light up the individual light for your bathroom. As the art and function are equally important today, the Liberty faucet is always the highlight in your bathroom.
