

PALOMA[®]
HIGH QUALITY SANITARY HARDWARE

EXCELLENT
SANITARY
HARDWARE

ADVANCED MANUFACTURING TECHNOLOGY

Our quality is not only due to its excellent functional design, but also from advanced manufacturing techniques. The application of fully automatic intelligent manufacturing enhances quality further, improves accuracy and stability of products, bringing ongoing product reliability and great user experience.

Italian IMR gravity casting to produce fine faucet bodies in whole piece with smooth inner surface and high density of brass.

Automatic CNC machining centers to ensure high precision of inner structure.

80% of the machining procedure done at one setting due to efficient computerized programming and large capacity of the tool magazine.

Automatic robotic polishing to guarantee a perfect finish on every product.

Automatic plating lines to ensure the stability of the highest quality product finishes that can never be achieved using manual methods.

QUALITY RAW MATERIALS

SHOWER TECHNOLOGY

The design of rainshower outlet fully helps save water, without reducing any comfort.

Air-Injection rainshower

Infuse air into water to create soft and full rain droplets.

Water-saving

Environmentally friendly by the efficient use of water.

Easy to clean

Silica gel spout, easy to clean and anti-clog.

PRO-CLICK® TECHNOLOGY

CLICK AND ENJOY

By the smart mechanic motion of Pro-Click®, just one click and enjoy the shower. Each water flow is controlled independently. The 45mm high-flow cartridge can deliver various water flows simultaneously, thus a spa is on.

SENSATIONAL EXPERIENCE IN ALL DIMENSIONS

Air-Injection water saving technology

Easy installation

High quality brass

Easy to clean
anti-clog nozzles

Simultaneous flows available from
rainshower, rainstream, waterfall

Compact three-outlet structure

SWIVEL SPOUT AS DIVERTER

The swivel spout as diverter is patented design, which saves space and enhances the quality. The umbrella-shaped water spray from the exquisite showerhead creates a unique taste.

Rainshower flow

Bath spout flow

Handshower flow

SMARTBOX

SMARTBOX makes the wall-embedding simple and clear. SMARTBOX has multiple fixing and locking ways. Thus it is suitable for any wall structure. SMARTBOX can match other handles or cover plates of concealed 4-way and 5-way mixer with diverter.

DALFON
TITANIUM GREY
Series

DALFON Titanium Grey

Dalfon series is special for its soft square design, a modern style blending power and gentleness in the color of titanium grey. Its rainstream creates layers of delicacy while saving water, an embodiment of **PALOMA** consistent pursuit for minimalism.

The wall-mounted basin mixer in Dalfon series is an innovative design, streamlining the centers of faucet and basin in symmetry. It is like drizzling when water flows from the soft silicone nozzles. A full enjoyment of relaxation in nature when water meets skin.

It is conspicuous shower set of industrial style for its modern lines and the titanium grey finish. Functionally, Pro-Click® technology and Air-Injection rainshower offers a exceptional experience.

Unique and slim, the concealed Pro-Click® in Dalfon series wins people's heart with its precise control and rich choices of water flow.

PALOMA

PALOMA 030

Pure and elegant, the heightened basin mixer extend space. This built-in double flow restrictors saves water while stabilizing water flow, different from the traditional aerated flow.

The slim design element of Dalfon shower column is infused with Pro-Click® flow control technology and an Air-Injection shower, bringing more shower pleasure with simplicity. Integrated metallic shower tray, the shower body features intuitive operation by the Pro-Click® push button with adjustable flow. Each water flow can be controlled independently.

The concealed shower set in Dalfon series is made for cleaning and comfort in a relaxing and beautiful space. Its modern design integrated with variety in water flows, innovative rainstream outlet and Air-Injection rainshower technologies, creates a shower experience second to none.

ATLANTA

Series

PRO-CLICK® SHOWER SYSTEM

ENJOY SHOWER THROUGH MULTIPLE WAYS

Whether you like a through Air-Injection shower, a brand new rainstream massage, or a natural waterfall, all can be easily achieved through the Pro-Click® push button. Moreover, three outlets can be operated simultaneously.

Waterfall

Plentiful water flows off weariness after a long day. Widened outlet offers a natural shower experience.

Rainstream

Brand new rainstream is powered by German water-saving aerator technology. It has eleven outlets skin to rain drops falling from tile roof.

Rainshower

The design of rainshower outlet fully helps saving water, without reducing any comfort of shower, achieving an efficient water usage.

The thermostatic Pro-Click® shower set in Atlanta series is equipped with various modes including Air-Injection rainshower, hand shower and spout. Simply a click would start immediately a favourite shower mode. The design of swivel spout effectively saves space while offering shower comfort.

LIBERTY
OIL RUBBED BRONZE
Series

What kind of color can adapt to the popularity of the era, but not fade over time? This thinking caused us to test all sorts of colors in the laboratory. **PALOMA** ORB finish was then born. The Liberty ORB products extend the classical design, exquisite and luxurious as the palace, and derive the rich cultural connotation, giving a kind of temperament and accomplishment to the modern life.

Liberty Oil Rubbed Bronze

EOLICA

DIAMOND CHROME

Series

Rainshower

Infused with plenty of air, plump water drop, soft touch, and mild-rain-like feel of showering.

Handshower

Energetic water drop, free to wash any areas of the body, make your shower more pleasant.

Side spray

Strong and powerful massage water outlet, set up with the most comfortable pouring angle according to the ergonomics.

Rainshower + side spray

Place yourself in the fun of showering, wash off your exhaustion, give you vitality or make you feel relaxed.

Handshower + side spray

Combination of soft water flow and dynamic water flow, makes the showering more colorful.
