VERSAILLES
COLLECTION

Redefined the elegance of
Classic Luxury European design

A masterpiece inspired by the grandeur of Baroque and Venetian Renaissance architecture with intricate patterns and classical motifs, this collection brings the uniqueness of Classic Luxury European design to your home. Here it is, the **Versailles Collection**.

Crafted with the utmost attention to detail and using only the most exquisite materials this handle is made of polished brass with an antique finish, giving it a rich, golden hue. The base plate of the handle is oval-shaped and adorned with intricate scrollwork, featuring symmetrical floral patterns and acanthus leaves.

Elevate your space with handles that combine exquisite design with lasting quality, making every entryway a testament to enduring style and luxury.

Ornate Material

Elaborate and detailed patterns, incorporating curves, scrolls, and floral motifs. Where functionality meets aesthetic excellence. Transforming every door into a symbol of refined craftsmanship and luxurious living.

Finest Finishes

Their brown and golden tones add lots of character. The surface develops more over time, making each one unique. Find several tones finish such as real antique brass, bronze, or gold plating with anti-peeling and anti-corrosion features.

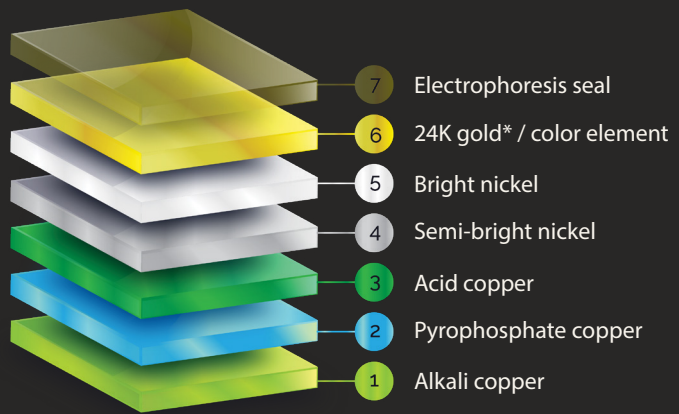

Exquisite Craftmanship

Crafted from the finest materials and utilizing advanced seven-layer electroplating technology, these door handles boast exceptional quality. Not visually striking but also high durability.
