

PALOMA®
HIGH QUALITY SANITARY HARDWARE

EXCELLENT
DALFON
SERIES

ADVANCED MANUFACTURING TECHNOLOGY

Our quality is not only due to its excellent functional design, but also from advanced manufacturing techniques. The application of fully automatic intelligent manufacturing enhances quality further, improves accuracy and stability of products, bringing ongoing product reliability and great user experience.

Italian IMR gravity casting to produce fine faucet bodies in whole piece with smooth inner surface and high density of brass.

Automatic CNC machining centers to ensure high precision of inner structure.

80% of the machining procedure done at one setting due to efficient computerized programming and large capacity of the tool magazine.

Automatic robotic polishing to guarantee a perfect finish on every product.

Automatic plating lines to ensure the stability of the highest quality product finishes that can never be achieved using manual methods.

DALFON TITANIUM GREY Series

DALFON Titanium Grey

Dalfon series is special for its soft square design, a modern style blending power and gentleness in the color of titanium grey. Its rainstream creates layers of delicacy while saving water, an embodiment of **PALOMA** consistent pursuit for minimalism.

The wall-mounted basin mixer in Dalfon series is an innovative design, streamlining the centers of faucet and basin in symmetry. It is like drizzling when water flows from the soft silicone nozzles. A full enjoyment of relaxation in nature when water meets skin.

It is conspicuous shower set of industrial style for its modern lines and the titanium grey finish. Functionally, Pro-Click® technology and Air-Injection rainshower offers a exceptional experience.

Unique and slim, the concealed Pro-Click® in Dalfon series wins people's heart with its precise control and rich choices of water flow.

FCP 8507

Dalfon thermostatic bath/shower mixer with Pro-Click-3 and adjustable flow buttons

- thermostatic cartridge, anti-scald 38°C safety stop
- 1-function rainshower
- brass shower head 25x25cm
- 1-function pressurized brass handshower
- PVC flexible hose, revoflex 360°, 150cm, 1/2"
- design to run 3 outlets with Pro-Click
- Pro-Click and adjustable flow
- air-injection shower technology
- easy clean shower spray
- brass
- titanium grey

FCP 3508TG

- titanium grey

DALFON

DIAMOND CHROME

Series

Pure and elegant, the heightened basin mixer extend space. This built-in double flow restrictors saves water while stabilizing water flow, different from the traditional aerated flow.

The slim design element of Dalfon shower column is infused with Pro-Click® flow control technology and an Air-Injection shower, bringing more shower pleasure with simplicity. Integrated metallic shower tray, the shower body features intuitive operation by the Pro-Click® push button with adjustable flow. Each water flow can be controlled independently.

The concealed shower set in Dalfon series is made for cleaning and comfort in a relaxing and beautiful space. Its modern design integrated with variety in water flows, innovative rainstream outlet and Air-Injection rainshower technologies, creates a shower experience second to none.
