ADVANCED MANUFACTURING TECHNOLOGY

Our quality is not only due to its excellent functional design, but also from advanced manufacturing techniques. The application of fully automatic intelligent manufacturing enhances quality further, improves accuracy and stability of products, bringing ongoing product reliability and great user experience.

Italian IMR gravity casting to produce fine faucet bodies in whole piece with smooth inner surface and high density of brass.

Automatic CNC machining centers to ensure high precision of inner structure.

80% of the machining procedure done at one setting due to efficient computerized programming and large capacity of the tool magazine.

Automatic robotic polishing to guarantee a perfect finish on every product.

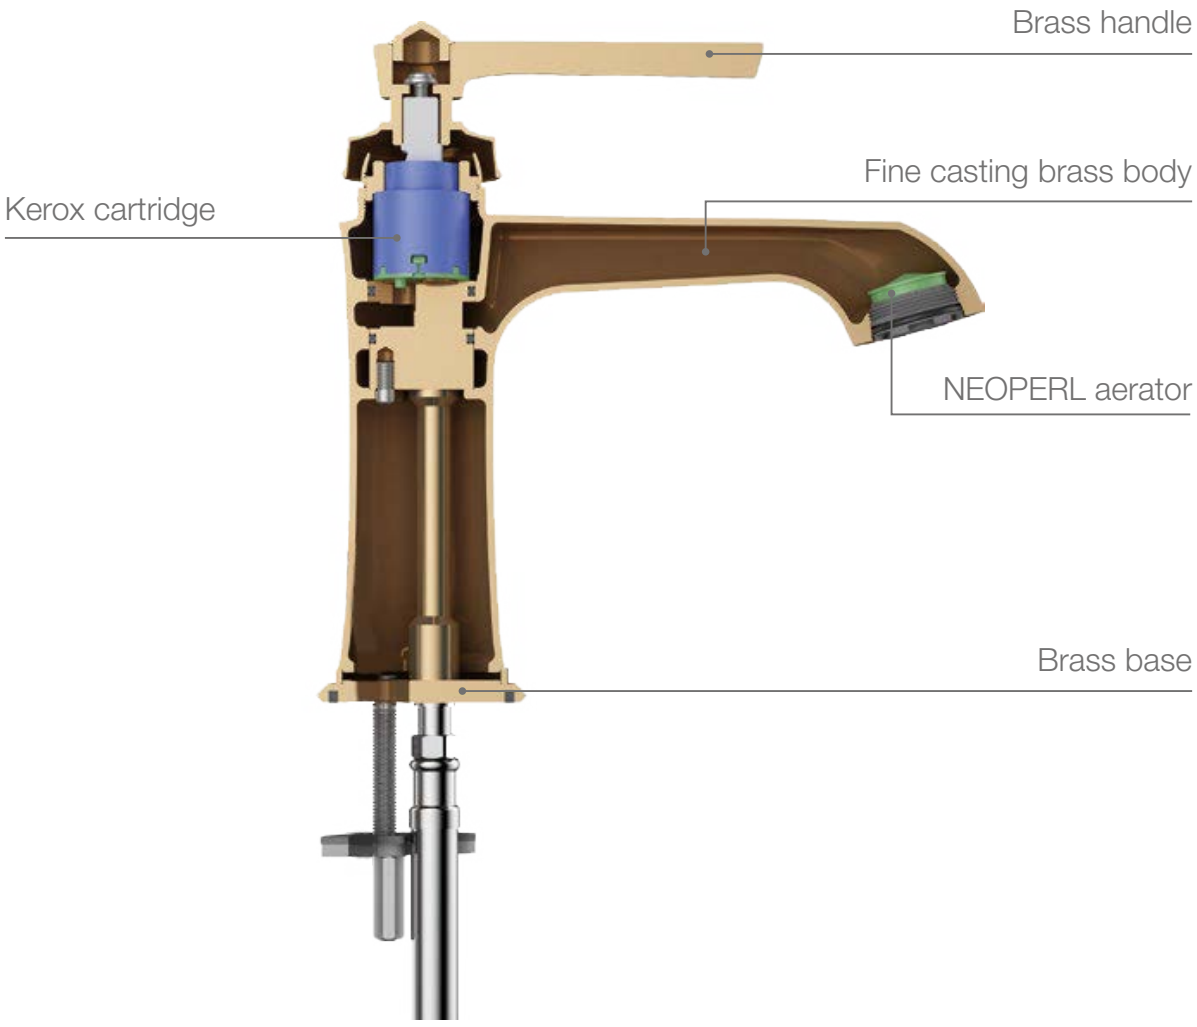

Automatic plating lines to ensure the stability of the highest quality product finishes that can never be achieved using manual methods.

QUALITY RAW MATERIALS

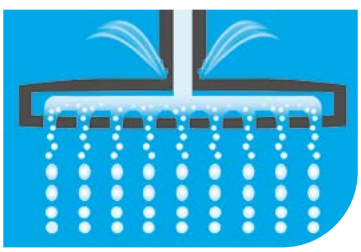

SHOWER TECHNOLOGY

The design of rainshower outlet fully helps save water, without reducing any comfort.

Air-Injection rainshower

Infuse air into water to create soft and full rain droplets.

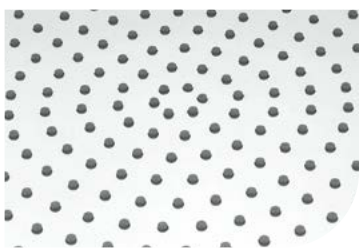

Water-saving

Environmentally friendly by the efficient use of water.

Easy to clean

PALOMA

What kind of color can adapt to the popularity of the era, but not fade over time? This thinking caused us to test all sorts of colors in the laboratory. PALOMA ORB finish was then born. The Liberty ORB products extent the classical design, exquisite and luxurious as the palace, and derive the rich cultural connotation, giving a kind of temperament and accomplishment to the modern life.

CLOUDFOAM
SHOWER MIXER & BOX SET
Series

Transform your daily shower into a therapeutic ritual. Our pioneering technology—the first of its kind in Indonesia—generates a luxurious, fine-foam spray that feels exceptionally gentle and cool against the skin.

This ultra-fine mist does more than clean; it uses micro-bubble technology to create a soothing, massage-like sensation, providing a powerful yet delicate therapy that calms the senses and rejuvenates the body.

Effortlessly transforms liquid soap and shampoo into a rich, fine foam, spraying it evenly for a luxurious shower.

Features dual chambers for soap and shampoo. Simply press a button to automatically dispense timed, luxurious foam right through your hand shower.
